

SUPERIOR CONSTRUCT GROUP, LLC

General Contracting | MEP-Focused Construction | Commissioning-Driven Delivery

COMPANY OVERVIEW

Superior Construct Group, LLC is a Maryland-based general contracting firm specializing in **residential, commercial, and institutional construction** with a unique focus on **MEP systems integration and performance-driven delivery**.

Leveraging deep expertise in **commissioning, energy systems, and building performance**, we deliver projects that are not only built to specification—but **operate efficiently, reliably, and as intended**.

CORE COMPETENCIES

- General Contracting (Residential & Commercial)
 - Interior Renovations & Tenant Fit-Outs
 - Kitchen, Bathroom & Basement Renovations
 - MEP Coordination & Systems Integration
 - Commissioning Support & Quality Assurance
 - Facility Upgrades & Modernization
 - Energy Efficiency Improvements
 - Construction Management
-

DIFFERENTIATORS

- **MEP & Commissioning Expertise**
Unlike traditional contractors, we bring engineering-level insight into HVAC, electrical, and plumbing systems.
 - **Performance-Based Construction Approach**
We focus on how buildings **function**, not just how they are built.
 - **Quality & Accountability**
Structured processes, documentation, and verification ensure consistent delivery.
 - **Client-Focused Execution**
Clear communication, responsiveness, and schedule adherence.
 - **MBE-Driven Value** (*Pending Certification*)
Positioned to support diversity participation goals on public and private projects.
-

PAST PERFORMANCE / EXPERIENCE

- Commissioning and construction support for:
 - Educational Facilities
 - Healthcare & Medical Offices
 - Commercial Office Spaces
 - Government & Institutional Buildings
- HVAC system upgrades and performance optimization
- Building systems troubleshooting and corrective implementation

(Note: Can be expanded with specific project examples as you build portfolio)
